

About ICEPAY

ICEPAY is a fast growing payment service provider that provides payment solutions to business of all sizes through its multichannel transaction platform.

Active in the payment market since 1999 and equipped with an extensive range of payment products and performance apps, ICEPAY specializes in providing a complete-experience service.

ICEPAY simplifies payment processing and reduces lead-time for merchants thus increasing their conversion.

Quick and seamless integration of products, apps and services is possible through a variety of plug 'n play webshop modules or our advanced Developer API. S

Security and reliability are guaranteed, backed up by a DNB and Currence certification and a PSD license.

ICEPAY prides itself on having open communication, transparent pricing and passion for customer service. Our clients always come first and we are dedicated to understanding, anticipating and fulfilling their business needs.

Mobile and Point-of-Sale transactions

Accept secure PIN card payments from your customers, anywhere, anytime. Process offline transactions on the spot while still engaging with your customers.

ICEPAY provides high quality Ingenico Mobile and Point-of-Sale (MPOS and POS) terminals to suit all businesses types. Easy to configure, adaptable and available to Lease or Buy.

Integrate our terminals with your online payment package to extend, or choose a standalone operating system with the benefit of a professional online back office.
